

Select-A-SPD® Online

Choose the right surge protection quickly & accurately

Save Time with the Select-A-SPD® Online tool!

With Mersen's new Select-A-SPD® Online tool, you can easily and accurately choose the right Surge Protection Device (SPD) for your equipment. Once you've found the right SPD, you can quickly review Mersen's product data specifications by clicking on the catalogue link. The catalogue link will provide you with the most up-to-date technical information.

Mersen's Surge-Trap® product line offers a world class suite of surge protection devices designed to protect your facility from harmful and preventable surge damage. Covering almost every voltage need within a facility, all of our surge protection devices, like our modular, pluggable, and Type 1 indoor and outdoor devices, included our world-class, patented TPMOV® Technology inside. Mersen's Thermally Protected MOV (TPMOV®) technology offers a fail safe surge protection solution without the need for additional upstream protection.

The Select-A-SPD® Online Tools is Easy to Use - and Free!

Visit: ep-us.mersen.com/Select-A-SPD to register and access the tool in three easy steps:
